One shot, give it your all

## Summary

---

I am last-year undergraduate student of Business Administration major from Imam Muhammad bin Saud University who is always motivated to constantly develop my skill and grow professionally. I have strong interest in Front End Developer and also Software Developer. This ability has been proven on my experience as a Software Developer for a couple of year and also from some certificate I got, you can look up to my LinkedIn. Despite I'm not an IT background, I will give the best I have and dedicate my skill on my works.

## Work Experience

---

**Software Developer | Bhumi Varta Technology** | Tangerang (Remote) | June 2022 - Present

- Develop a dashboard for a festival held by the Indonesian Minister using ReactJS, Ant Design, SCSS, and ANTD Chart.
